## From the Administrator

Spring is just around the corner, and we're excited to announce our **11th Annual Easter Egg Hunt!** The event will take place on **Saturday, April 4th**, the Saturday before Easter, which falls a bit earlier than usual this year. Fingers crossed that spring weather will be in full swing and the day will be beautiful.

The hunt begins at **10:30 a.m. at Moira Place**. We'll have **thousands of eggs** for the children to find and **prizes for four different** slight alteration to what **age categories**.

As we have done in previous years, all children will hunt outdoors in four designated sections of our grounds, toddlers will enjoy their egg hunt outdoors this year as well.

This event is open to the entire community, as well as family members of our residents—so please feel free to invite children and grandchildren to join us for a fun-filled morning! For those of you who use social media, we hope you've had a chance to "**Like**" us on **Facebook**. Our Facebook page is a great way to stay up to date with everything happening at Moira Place, as we regularly share information and photos highlighting our residents, staff, and daily life in the Home. We're proud to have followers not only from across Canada, but from around the world, including the **United States, Nigeria, Norway, the Philippines, Pakistan, the United Kingdom, Australia, Costa Rica, and Ghana**.

Be sure to check out our Facebook group to see photos from many of the fantastic events that take place at Moira Place. Moira Place is very fortunate to have two outstanding physicians as part of our care team: **Dr. Andy Quinn** and **Dr. Chuck Mustard**. They work closely with our staff to provide excellent medical care to our residents.

If you have the opportunity, please take a moment to thank your doctor. They work diligently to stay current in the ever-changing field of medicine and are deeply committed to Moira Place and to the individual care of each resident.
